

COACHED CRICKET ACCREDITATION COURSE

The CoachED Accreditation is a course designed to equip cricket coaches with the most effective and relevant coaching skills, drills and information needed for working with cricket players of all age groups and levels. The Knowledge library forms the basis of the CoachED Accreditation with content across the full spectrum of cricket coaching compiled and presented in 11 modules by Gary Kirsten and world renowned specialists and professionals.

The CoachED accreditation takes the library a step further by offering additional resources and access to examinations which test the coach's holistic knowledge in each facet of the game. This provides coaches with a fully rounded skillset to help players of all ages reach their full potential and to add value to their broader coaching system.

Signing up to the CoachED Accreditation Package will provide the learner full access to all the content categories and examinations for 12 months which allows you to learn what you want, when you want. The CoachED learner driven platform enables you the freedom to take the exams, fully online and when convenient.

WHAT THE COACHED ACCREDITATION COVERS

The comprehensive knowledge library consists of 11 modules which relate to specific aspects of the game and coaching. Sourced from some of the best minds in cricket and based in the deep learnings from Gary Kirsten's vast experience, the Accreditation covers the basics of the game in detail as well as providing a window into the nuances of cricket from the highest level. The content is both theoretical and practical and is presented using engaging videos, images and text which is easy to use and promotes deep learning. Upon completion of each module's content, coaches achieve digital knowledge badges and the examinations are unlocked for testing.

The examinations form the testing component of the Accreditation. Based on the content found in the knowledge library, the questions challenge the coach through standardised multiple choice questions and applied learning. This enables fully integrated learning which bridges the gap between the theory and practical. This allows coaches to be upskilled and have resources to add value directly to their players and systems.

Upon completion of each module the coach will receive a Certification badge to complement the knowledge badges gained in the library. Complete all the modules and final examination to achieve a full certificate which is presented both online and in hard copy enabling the coach full access to the value added services on the CoachED platform.

The following 11 modules are available in the CoachED Library:

THIS COURSE IS FOR YOU IF YOU WANT TO

- Equip yourself with up-to-date coaching information that is relevant to the modern game and upskill by becoming accredited as a CoachED Cricket Coach
- Learn all the information you need to become a coach of any standard and be tested on the knowledge gained to continue your development as a coach
- Earn knowledge badges and certificates which can be shared on social media to acknowledge the completion of the CoachED Library and Accreditation Modules
- Gain access to the value added services of CoachED Accredited coaches
- Have the theory and practical knowledge base to upgrade to a CoachED Elite Accreditation

WHO SHOULD TAKE THIS COURSE?

CoachED Accreditation is for coaches across the world working across the spectrum of cricket and is valuable for coaches working with any age group or standard. The design of the course dispels “levels” of coaching by providing a learner driven platform which equips all teachers and coaches with tools and skillsets to develop their coaching through an unprecedented online journey.

HOW YOU’LL LEARN

The CoachED Library content is designed to be ‘learner driven’ and has no restrictions to accessing the information you need to become a better coach or player. Navigation through the extensive Library content is simple, structured and provides users with over 250 detailed explanations, videos, animations and drills.

The CoachED Accreditation is broken down into 11 modules, designed to cover all relevant aspects of the game and coaching:

- Work through any module, topic or section at any time making sure to understand and comprehend all online instructional material.
- Enjoy the wide range of interactive content, including videos, animations, drills and resources.
- Complete each section or module and a knowledge badge will be awarded on your profile and the examination will be unlocked.
- You have 2 attempts to pass the examination in each module with an 80 % pass mark accepted.
- Upon completion you will receive a certification badge for the corresponding module
- Complete and pass all the modules and you will unlock the final examination which tests your applied learning across all the modules in a written exam.
- A CoachED official examiner will mark the final exam and upon completion issue a digital and hard copy of your full certificate and award you with your CoachED certification.

WHO YOU’LL LEARN FROM

International cricket coach Gary Kirsten and his experienced team of coaches and specialists have taken over 4 years to develop CoachED and the information within the Library contains all the latest cricket updates, information and coaching techniques. The experience and insight gained throughout his tenure as coach of powerful test playing nations as well as various T20 franchises around the world puts him at the forefront of the modern game and includes insights far more than cricket itself. It is his skill for getting the best out of his players whilst maintaining their respect both on and off the field that has made him an inspirational leader.

WHY COACHED CRICKET?

Whilst coaching cricket around the world, Gary Kirsten and his coaching team found an increasing number of coaches wishing to upgrade their skills and toolkits of their trade without having a platform to achieve it.

Gary and the team set out to create a credible home for coaches to develop and learn their profession and achieve a deeper understanding of the game through accessible online material and courses which aims to teach coaches and those wanting to learn more about the basics and intricacies of cricket and coaching.

SERVICE

CoachEd Accreditation gives coaches from around the world accessibility to all the information they need through a fully responsive, online platform that is learner driven and easy to navigate and an accreditation which has value added benefits.

EXPERT MENTORS

CoachED has developed the library content and Accreditation under the careful guidance of Gary Kirsten and a team of expert mentors, highly qualified and experienced specialists who are available to help you along the CoachED journey.

TRUSTED CERTIFICATION

CoachED is built on the knowledge of internationally acclaimed cricket coach Gary Kirsten, who has coached around the world and in a variety of high profile coaching positions. CoachED Accreditation tests all those enrolled in the course through standardized examinations based on information that is current, relevant and required for coaches working with teams and players of any age or experience. This allows coaches to earn certification which breaks the mold of traditional and outdated “levels” endorsed by other federations.

BASIC TECHNICAL REQUIREMENTS

In order to view all the CoachED Accreditation content, you will need an accessible email account and access to the internet via smart phone, tablet or computer.

COST

The course costs \$300 and can be paid for directly on the website. Payment plans are available upon request on info@coachedcricket.com

WHATS NEXT

Sign Up for the CoachED Accreditation, complete the course and receive your certificate and accreditation– You will then have the option to upgrade to a CoachED ELITE Accreditation package which runs in limited cohorts 3 times a year and involves personal mentorship by Gary Kirsten and access to resources from the best players and coaches in the world.

** CoachED Cricket has no affiliation to any other cricketing federation making it a true global coach education platform that has no bias and provides unrestricted access to any coaches wishing gain the required knowledge to become a cricket coach or qualified coaches wishing to continue learning and professional development.*
